

- 2. Please review the Entryway Design Plan at this link before answering the next questions:
<https://perryparkmd.colorado.gov/sites/perryparkmd/files/documents/Entryway%20Design%20Approach%20030923.pdf>

Cost estimates for the phases have changed since this presentation.

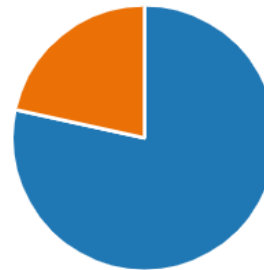

● I have reviewed the plan. 201

- 3. The latest estimates for burying the power lines at the entrance of the neighborhood are between \$96K - \$120K depending on the difficulty of digging. This amount is approximately 37% to 57% of the PPMD's annual revenue. Reserve accounts have been built up over time to support extra projects and maintenance as required, and there are sufficient reserves for this project. This would reflect approximately 12% to 16% of our unallocated reserve funds.

Do you support the plan to bury the power lines at the entrance of the neighborhood?

● Yes 160
● No 44

- 4. Do you support making Wauconda Park a more active area with events or sports, even with the additional traffic or noise that may be generated?

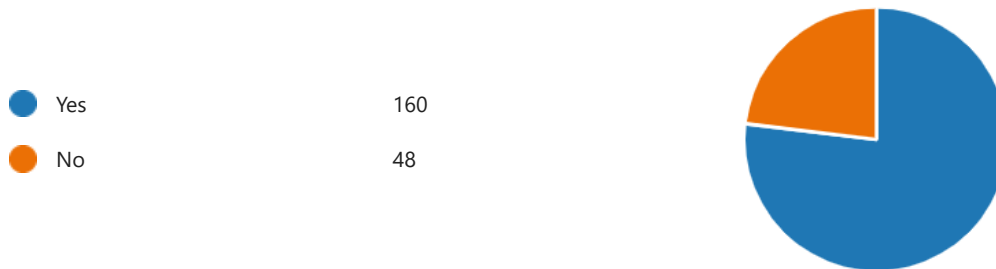

● Yes 80
● No 69
● Maybe 58

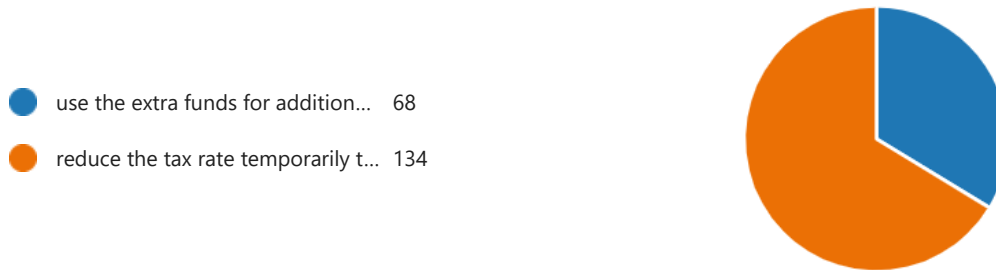

- 5. In response to a previous survey the Perry Park Metropolitan District is expanding recreational opportunities in Perry Park. There are 2 properties owned by the district which have been identified as appropriate sites for recreational development: Wauconda Park and Gilloon Park. Gilloon Park is an approximately 10-acre parcel in the back of the park with a pond.

The district has recently mowed a trail through the park and would like to make it permanent with grading and a gravel surface. The cost will be approximately \$20,000. The monies used for this project will not come from taxpayer dollars but instead from the Conservation Trust Fund (CTF) which is funded by the State of Colorado lottery proceeds and can only be used for recreation development.

Do you support using the \$20,000 CTF money for creating a gravel pathway to make a more permanent walking trail around Gilloon pond park area?

- 6. If the current year’s significant increased property valuations result in a large increase in revenue to the PPMD (note: the board thinks you should vote NO on Prop HH), would you rather the PPMD:

7. What large projects that would benefit the Community would you like to see the Metro Board tackle in the next 1-3 years?

Latest Responses
"Cell phone service"

41 respondents (28%) answered **park** for this question.

8. Do you support more or less Community activities like the July 4th Parade and Fireworks being led by the PPMD?

● More Community Events	56
● Less Community Events	14
● Keep the Same	137

9. We have heard concerns about the limited trash service in Perry Park and increasing rates.

Would you be interested in joining a group of residents to block negotiate with a trash service provider, to increase competition in the neighborhood?

● Yes	91
● No	38
● Maybe	75

10. What survey questions are we not asking that YOU think the PPMD should ask?
